Section 2: The Teaching Experience

2. What was good about this placement?

Got to run our own clinics with doctor review. Able to practice taking a full 10 min hx plus 10 min examination time. Timetabled SDL time. Good orientation to the practice.

3. Was there something you thought should be changed to improve it? If so, what would you suggest.

With diabetes - would have been more useful to sit in with the specialist nurse to discuss and learn about insulin regimens rather than sitting in with HCA doing blood pressures and weighing patients. With the lack of opportunity to see chronic patients (understood this is to avoid inundating students) perhaps a home visit or two would be v useful. During the weeks shadowing - students would be grateful I'm sure if they're scheduled into the clinics starting at 2, not the 4 pm ones?!

4. Can you give any examples of good practice in teaching?

Being invited to derm - good practice and opportunity to do intradermal injections Deepika always encouraged full hx, examination and presentation of findings - a v good teacher who encourages good practice. Dr Naqvi encouraged perseverance and suggested areas to improve too.
